

Pharmacy Management Software

Your Integra Team wanted to take a moment and share a look back at 2017 with our

11,973

end users of DocuTrack, DeliveryTrack, and Logix.

“First and foremost I want to ensure the success of our customers. With our focus on the institutional pharmacy marketplace, I want to accelerate the deployment of new technologies and the enhancement of our current systems. Most importantly, I want to make sure that our priorities are always aligned with the needs of our customers. We value the trust placed in us by each of you.”

Kevin Welch, Integra President & J M Smith CTO

We are thankful for each of your

600+ PHARMACIES

that allow us to serve you.

On your team this year were 37 Developers and Quality Assurance

37

team members dedicated to delivering on our promise to you.

Thirty-four client services staff

upgraded and installed

over 650

DT, DLT, Logix, ICF, and eRx systems.

We hired

28 people

to better serve you.

Over 120

of your pharmacies attended the Integra Conference in 2017 and we hope to **see more of you**

In Denver in 2018!

 Logix in 2017

“We no longer have to chase things down for our clients . Logix notifies us when there is an issue based on our rules. Logix has reduced what was once a 2-3 minute process running hundreds of times a day to a single keystroke.”

Mary Glavan, RPh
 VP Support Services - MACRx
